### 2019-2020 Executive Team Election Packet

I also believe networking is a major part of a successful student association, so we will continue to meaningfully build relationships with the NDUS, Governor's office, legislators, and the SBHE.

**How would you advance the vision, mission, values, goals, and objectives articulated within NDSA's 2019-2023 Strategic Plan? In other words, what would you do to support the 2019-2020 Executive Team as it seeks to execute the Strategic Plan?**

I plan to work with the executive team to find where everyone's talent lies, and from there we can allow them to flourish in their fields of expertise to further the goals of NDSA. Although we each have given tasks with our respective positions, I firmly believe in collaboration in as many areas as possible. As a team we will carefully examine the strategic plan in the beginning of our term and look at what the 2018-2019 team began to accomplish and find specific goals on how we will continue their work, but also areas that we can begin to tackle as the next executive team—particularly placing emphasis on items that relate to individuals talents to maximize efforts and success.
